Re: Civil Action No. 4:12-cv-00262

To Whom It May Concern:

A notice from Verizon Online, LLC was received indicating that **Internet Protocol Address: 71.170.84.105** had 'perhaps infringed' your client's copyrights by illegally downloading and/or distributing a movie. Thus Verizon had been served with a subpoena to disclose the personal information of the customer assigned to the afore mentioned IP address.

First of all, the IP address above is not even within the jurisdiction of the United States District Court for the Southern District of Texas.

Secondly, the person assigned to this IP address is an older person, with very little knowledge of the use of the internet. The computer associated with the IP address has been sufficiently secured, thus due diligence, on the part of the owner has been complied. Furthermore, there is no history of any such material on this computer.

Given the information above, I believe it would be prudent to drop this particular IP address from your lawsuit.

Sincerely,

Kim Kempker
